The John K. Tiffany Endowment Fund

Every contribution is an important investment in the future of philately. Unless you specify otherwise, your gift will be placed in a permanent endowment fund that will enable the Society to have income -- over and above the normal membership dues -- to undertake philately's many new and exciting projects.

Even the most modest contribution helps the hobby, but when you contribute $1,000 or more you will earn the distinction of becoming a Tiffany Donor, in recognition of the visionary leadership of John K. Tiffany, the first president of the American Philatelic Society.
